### A message from the Principal

Dear MES Families,

NWEA has been completed for the most part. Those reports will come home towards the end of the Q3. If you have questions, please reach out to your child's teacher.

We will no longer be contact tracing, per ISDH guidelines. We will only contact you if your child must be sent home for contact with a covid+ case in an indoor setting where they do not wear a mask (like lunch.) We are seeing the same students daily requesting masks from our clinic.

Please send them to school with a mask.

Have a great weekend!

Stephanie

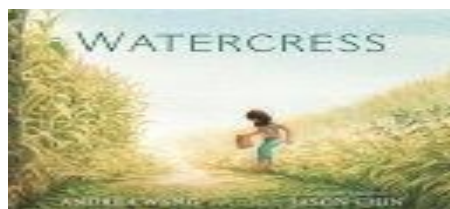

### News from the Library

*"Children are made readers on the laps of their parents."* -Emilie Buchwald

There's magic in reading books aloud to little kids, especially when you do the voices (you've got to do the voices) and they giggle at the pictures and you talk about the characters as if they're your BFFs. Once kids learn how to read on their own, this parent-child ritual often ends, but it shouldn't. There are great [Benefits of Reading Aloud](#), even up to age 14.

- Increased Vocabulary and Sophisticated Language Patterns
- Ability to Make Connections
- A Love for Reading

For more information on reading aloud and the benefits, please check out the link above and share a great book with your child! #worldreadalouddayFEB2
