Why are we coming together?

1. We are growing and we need a long range plan.
2. We must do what is best for students. We always make better decisions when key stakeholders have a meaningful voice during the decision-making process.
3. The recommendations we develop in the next six months will impact Mt. Vernon Schools forever.

Give One, Get One

Describe Mt. Vernon Schools in 2030?

Expectations

1. Everyone will have a voice.
2. Everyone will *hear* every idea.
3. Every idea will be genuine.
4. There is no perfect plan. Everything will be weighed and measured.
5. Consensus doesn't mean everyone will agree.
6. The MVCSC School Board will decide.

Assertions
